## **2023 – LOBSTER CONSERVATION HARVESTING PLAN FOR LOBSTER FISHING AREA (LFA) 25**

**Moncton, NB – July 18, 2023** – Fisheries and Oceans Canada (DFO), Gulf Region, announces the 2023 management measures for Lobster Fishing Area (LFA) 25. Unless indicated otherwise, existing management measures remain in place. Please refer to your lobster licence conditions for further details. Licence conditions are available on the National Online Licensing System.

### **Opening date**

The opening date in LFA 25 is on August 9 at 6:00 a.m. The last day of fishing is October 10. The opening of the fishery is subject to weather conditions. If there is a delay, the season will lengthen one day for one day at the end of the season, up to a maximum of 4 days.

### **Management measures for the 2023 fishing season**

#### **Carapace size**

The minimum lobster carapace size will be **79 mm** in LFA 25 in 2023.

#### **Curfew**

The daily close time is from 9:00 p.m. to 4:00 a.m., **including the first 48 hours of the fishery**. There is no curfew during the last 48 hours of the fishery.

#### **Management measures to minimize interactions with North Atlantic Right Whales**

The Management measures to minimize interactions with North Atlantic Right Whales (NARW) can be found at the following address: <https://www.dfo-mpo.gc.ca/fisheries-peches/commercial-commerciale/atl-arc/narw-bnan/management-gestion-eng.html>

#### **Restrictions on the movement of lobster licences**

For information on restriction on the movement of lobster licences you can refer to the Commercial Fisheries Licensing Policy for Gulf Region that can be found at the following link:

<http://www.glf.dfo-mpo.gc.ca/Gulf/Licenses-Delivery/Commercial-Fisheries-Licensing-Policy>

#### **Transit Corridors**

The transit corridors in LFA 23 and LFA 24 remain in effect and a Vessel Monitoring System (VMS) is required (every 5 minutes) if using the transit corridor. The corridor allows fish harvesters to transport their catches through that area to reach their homeport avoiding the use

of the smack boat. The opening and closing of the season will remain as indicated in the Fisheries Regulations or as announced in a Variation Order. The coordinates for the corridor are identified in the Variation Order and the licence conditions of those using the corridor.

### Logbook

Licence holders that will not be using an ELOG are still required to use paper logbooks and submit them to DFO on a monthly basis as in previous years. The list of paper logbook suppliers is available at the following Internet address: <https://www.dfo-mpo.gc.ca/fisheries-peches/sdc-cps/nir-nei/log-suppliers-eng.html>

<b>Table 1: Key management measures in 2023 in Lobster Fishing Area 25</b>				
Minimum legal carapace size (mm) <sup>1</sup>	Maximum size females (mm)	Maximum number of traps	Minimum number of traps per line	Maximum hoop size (mm)
79	115	240 P.E.I. <sup>2</sup> 250 N.B. 225 Gulf N.S.	n/a	152

**Notes:**

<sup>1</sup>See Table 2 for height of escape mechanism corresponding to the minimum carapace size in effect.

<sup>2</sup>PEI harvesters are eligible to acquire an additional 10 traps from the Prince County Fishermen Association

### Height and Length of Escape Mechanisms

The height of the escape mechanism as indicated in Tables 2 and 3 needs to be adjusted according to the minimum legal carapace size in effect in the LFA (refer to Table 1 for minimum legal size).

<b>Table 2 : Length of escape opening between 127 mm and less than 254 mm</b>	
Minimum legal carapace size	Minimum height of escape opening
>73 mm to 76 mm	43 mm
>76 mm to 79 mm	44 mm
80 mm to 81 mm	46 mm
>81 mm to 83 mm	47 mm
>83 mm to 84 mm	48 mm
>84 mm to 85 mm	49 mm

<b>Table 3 : Length of escape opening equal to or greater than 254 mm</b>	
Minimum legal carapace size	Minimum height of escape opening
>73 mm to 76 mm	43 mm
>76 mm to 79 mm	44 mm
80 mm to 81 mm	46 mm
>81 mm to 83 mm	47 mm
>83 mm to 84 mm	48 mm
>84 mm to 85 mm	49 mm

**Before you go fishing**

The Department has assembled a list of requirements and documents harvesters will need before they start fishing. This list is available at: <https://www.glf.dfo-mpo.gc.ca/gle/en/you-start-fishing-you-will-need>
