

UNOFFICIAL DRAW LISTING - 2016 HALIBUT REALLOCATION

Draw was held after 4:30PM, August 31st, 2016 at the PEI Farm Centre, Charlottetown when the registration for the 2016 Reallocation was closed. Thanks to Commissionaire Kevin Caldwell who drew the ballots. DFO has confirmed there remains 11, 681 kg on the PEI halibut quota.

The next fishing period for the halibut reallocation fishery will be September 6th to 8th.

DFO has stated that the first 76 eligible commercial fishers will be issued license conditions for this fishing period. DFO will be confirming eligibility of fishers from the draw list.

After September 8th, 2016 if the 90% threshold has not been harvested, a third fishing period from September 13 - 15, 2016 will occur. The number of participants will be determined by the amount of quota remaining and the next participants on the rotating list will be contacted to take part. This methodology will continue until the 90% threshold is met.

Here is the unofficial list from the 2016 Halibut reallocation draw from #1-120. Fishers drawn after #120 can contact the PEIFA Office at 902-566-4050 to find out where they were drawn.

**Please note, as stated above that the first 76 eligible commercial fishers will be issued conditions for the next fishing period (Sept 6th-8th).*
