

**Conservation Harvesting Plan
16 F Fall Herring Fishery – 2018**

- Quota:** 3,100 t
- Season Opening:** Sunday, September 9 at 18:00 hours to Friday, October 5, 2018 at 12:00 hours
- Daily Closures:** 12:00 hours to 18:00 hours
- Weekend Closures:**
- 12:00 hrs Friday, September 14 to 18:00 hrs Sunday, September 16
 - 12:00 hrs Friday, September 21 to 18:00 hrs Sunday, September 23
 - 12:00 hrs Friday, September 28 to 18:00 hrs Sunday, September 30
- Trip Limit:** There will be no trip limit (kg) on the Conditions of Licence in accordance with the Overage project. Fish harvesters have agreed to limit their landings to 6,804 kg. Fish harvesters will not directly benefit from any amount in excess of this limit per trip as the funds will go to the Gulf Nova Scotia Herring Federation to conduct programs for the betterment of the fishery.
- Monitoring:** 100 % DMP
- Net (size/mesh deep/ length):** 66.7 mm min / 125 mesh / 100 fathoms
- Fishing Restrictions:** While fishing in the portion of Herring Fishing Area (HFA) 16F between HFA 16E and a rhumb line drawn between Prince Edward Island and Nova Scotia following the longitude 62° 29' 00" W (NAD 83), no herring fishing nets are permitted to be fished or set in waters greater than 15.24 meters (50ft) in depth, regardless of tidal differences.
- Catch Limitations:** From September 9, 2018 until such time the fishery is closed by variation order, no nets or fishing gear shall be set or left in the water from 12:00 noon until 18:00 hrs per day or during any weekend closures. Herring shall be off-loaded only once per 18 hour opening from 18:00 until 12:00 the following day.
- Vessels:** Vessels to be used in this fishery must be from the same administrative area as the licence holder.
