

What is the Fisher Assistance Program?

The Fisher Assistance Program (FAP) is a service that provides confidential, professional counselling services to fishers and their families. The program recognizes that some problems can affect home life and work performance. When this happens, help may be required in resolving these problems through the assistance of a trained professional counsellor. These counsellors are trained to provide short-term counselling or refer you to other professional services and resources in the community.

- Stress and Anxiety
